

# BOXED LUNCH FORM

We are happy to meet your nutritional needs when you are unable to visit us in the dining hall. Please contact the on-site manager to discuss any dietary concerns that are not listed on this form. Please note that while we follow proper standards and procedures to adhere to allergy and dietary restrictions, foods are prepared in an open environment and cross-contact is possible.

---

## HOW IT WORKS:

1. A Boxed Lunch must be ordered by 9:00am previous day and picked up by 6:30pm on the date required. We are unable to process box lunches for the next day which have been submitted beyond the noted deadline (accommodations can be made – please contact manager on duty).
2. A boxed lunch request cannot be made in addition to a meal swipe therefore only one lunch will be provided per student per day. If you require multiple boxed meals per day due to multiple missed meal periods please discuss this with the on-site manager.
3. Please note that items listed below may be substituted without notice if not available in our kitchen at time of preparation. Please check menu for “daily feature” of day previous to required date. (i.e. Wednesday’s lunch will have Tuesdays Feature Offering)
4. Orders placed and not picked up result in food waste. If this occurs multiple times please understand that your account will be flagged until the matter is resolved.
